

The Burrell Collection

MY SELF PORTRAIT

Rembrandt van Rijn was an artist from the Netherlands. He was just 26 when he painted this self-portrait.

Fun Fact!

He painted over 80 self-portraits in his life, and he would often dress up in interesting costumes for them.

Now it's your turn to draw your own self-portrait.

You could use a mirror like Rembrandt would have, or you could use a photograph of yourself for inspiration!
